Terminal Disclaimer

The terminal disclaimer filed on 09-29-2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent No. 6,767,577 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The terminal disclaimer noted above obviates the rejection for obviousness type double patenting of record.

Claims 1 and 2 have been canceled and claims 17-20 dependent thereon are now dependent from claim 72. Thus the rejections of record over the disclosures of WO 96/22005 and US 4,685,353 have been overcome.

The prior art of record and otherwise known to the examiner does not teach or suggest a method comprising each of the steps set forth in the instant claims wherein each composition employed is cured by exposure to UV light.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Susan W Berman whose telephone number is 571 272 1067. The examiner can normally be reached on M-F 9:30-6:00.
